

# SYSTEX STUDENT AWARD 2015

The SYSTEX Student Award recognizes outstanding student work in the field of **smart textiles**.

Hayriye Gidik was awarded in 2013 and presented her work at the ISFOE 2014 in Thessaloniki, Greece.

Why don't **YOU** win in **2015** ?

You can promote your project and seize the chance to present it with international media coverage **at the Smart Textiles Salon** in MIAT Ghent, BE on 25 June 2015.

At this event, you will meet and present your work to top researchers and leaders from industry.

Your travel and accommodation costs will be covered by the organizers.

You can apply for the upcoming edition of the SYSTEX Student Award by presenting the results of your thesis or research project on smart textiles.

Send a report (max. 4 pages) on your research project, a short CV and some pictures (300dpi) of yourself and your working prototype by 19 April 2015 to SYSTEX:
